OBJECTIVE

Recent Computer Programming Analyst graduate from George Brown. Looking to apply my experience with Java and Python at VMWare as a Member of Technical staff, to help design and implement back-end services using cloud technologies and by making sure the system is ready for distribution.

HIGHLIGHTS OF QUALIFICATION

- Worked with a team of developers on projects with a couple of programming languages under minimal supervision.
- Delivered functioning and user-friendly computer applications within specified deadlines.
- Strong knowledge of algorithm fundamentals used for problem-solving.
- Ability to quickly adjust to a new environment and eager to learn.
- Strong researching skills to ensure the best engineering practices are followed in software development.

TECHNICAL SKILLS

- **PROGRAMMING LANGUAGES:** Java, Python, C#, HTML, CSS, JavaScript, MySQL
- **SOFTWARE:** MS Office (Word, Excel, Powerpoint), Google Drive, Git
- **PROJECT MANAGEMENT:** Scrum and Agile Proficiency
